

Express Packs

VEAP runs the largest food pantry in the Twin Cities, distributing over five million pounds of food every year to nearly 275,000 people. Presently, the government shutdown is straining our community's resources. One of the most urgent needs is access to quick, shelf-stable food. Our Express Packs help meet that need: each bag contains 7-10 high-need, ready-to-eat items and costs **just \$10**.

VEAP is collaborating with community partners to expedite distribution of express packs. **We invite your business to make a direct, tangible impact by funding Express Packs for local families.** It's a meaningful way to create immediate relief. Partner with VEAP and ensure families in our community have access to the nutritious food they urgently need.
